

Implement Reflections

March 28, 2026

- P&I showed promise & challenges
 - Need a lot more careful think through for implement on Man
 - Reflect & just work through it on video.
- Explicitly acknowledge the overwhelm for students.

March 29, 2026

- Simplify to what are priority design decisions
 - Direct AI, rather than being directed (or dragged around) by it.
- Iterate by increasing complexity
 - Adaptive Building under uncertainty

March 30, 2026

- Overwhelm caused by uncertainty
⇒ Adaptive building
 - Too many branches of challenges
 - Too many branches of solutions provided by AI

Plan:

- Start with 1-situation
- Admission process
 - Tagging (Not Red, yellow green)
 - Assume Full resource
 - Iterate with Medium & Low
